ANNEXATION

Unincorporated property that is contiguous (touching) the City limits of the City of Rolling Meadows may be annexed to Rolling Meadows. There are some specific requirements to determine if a property is contiguous and those can be analyzed prior to filing a petition.

Annexation to a municipality involves specific steps that require the assistance of an attorney. Any person(s) requesting annexation is (are) encouraged to engage the services of an attorney to make sure the petition is in legal and acceptable form. The attorney for the petitioner is encouraged to contact the city attorney to discuss the process prior to submitting the petition.

On occasion, the City Council has entertained proposals for annexation agreement which set forth certain requirements that both parties must adhere to during the duration of the agreement. The agreement is for a ten (10) year period, renewable for another ten (10) years by consent of both parties. Specifics on such an arrangement would be discussed prior to filing a petition for annexation.

The City does not currently charge a fee for processing annexation requests.

As a new resident of Rolling Meadows you are:

1. Entitled to all services provided by the City as policy dictates.
2. Subject to all laws, ordinances and regulations of the City.
3. Subject to all taxes and charges of the City as may be prescribed by law.

Upon annexation to Rolling Meadows you will automatically become part of the Rolling Meadows Library. Annexation will **not** result in addition to the Rolling Meadows Park District since they are an autonomous governmental unit not connected with the City. If you are already within a park district, you will remain in that district.
