

**COMMUNITY DEVELOPMENT  
DEPARTMENT**

**FENCE PERMIT INFORMATION**

(847) 506-6030      [www.cityrm.org](http://www.cityrm.org)  
*Please schedule inspections 24 hrs. in advance.*

INSPECTIONS REQUIRED	CODE REQUIREMENTS
Post Hole Inspection	<p><u>MINIMUM Post hole depth for solid fence or chain link corner posts:</u></p> <p>4 ft. fence - 30 inches            5 ft. fence - 36 inches            6 ft. fence - 36 inches            6 1/2 ft. fence - 42 inches</p> <p><i>or as engineered and approved</i></p>
Final Inspection	<p>Good side of fence to face the neighbor; posts to be on permittee's property</p>

- Please bring in two copies of your Plat of Survey with your fence drawn on it.
- Fence contractors: please refer to our webpage for bond and license requirements [www.cityrm.org/rmcd](http://www.cityrm.org/rmcd)
- It is the owner's responsibility to assure that the fence is located entirely on their own property.
- No fencing may be constructed in a front yard past the front building line. On corner lots, no fence shall be erected beyond the building line on either side abutting a street.
- Wind load calculations may be required as determined by the Community Development Department.

**Call J.U.L.I.E. 48 hours before you dig.
